

## ITT information summary 8: ITT and Trusts

### Trusts and ITT

- It is a core responsibility of trusts to make a positive contribution to the wider system by delivering high-quality training and/or placement for trainee teachers.
- We want to encourage high-quality trusts to deliver training and offer a range of placements (general and the Intensive Training and Practice element) and mentors for trainee teachers, to support system-wide sufficiency.

### Ahead of September 2024:

- The new ITT requirements are implemented in September 2024.
- It is important that trusts start to consider how they interact with ITT, including:
  - How to offer ITT placements if not already doing so?
  - Your capacity to be involved in ITT?
  - How to prepare for the new mentoring requirements?
  - Trusts should discuss their approach and involvement in ITT with their delivery officers.
